

# The Volunteer Team

## January to March 2023

### Dear families of Paternoster,

We are the new volunteer team starting in January 2023 for the next 3 months working especially in the life-skill-centre HOOPSIG but also outside in the community of Paternoster. We are teachers, yebonners, and specialists in basic movement. In the morning you will find us in the Paternoster Educare Centre, HOOPSIG or on location in Hopland. In the afternoons from Monday to Friday we offer Life-skill workshops in the children's home "HOOPSIG" and also activities in the FitnessBox. We are very happy to teach your children and have fun. Please feel free to come see us and support us – we appreciate every helping hand.

Yours sincerely,

**The orange, green and blue volunteer team**
